Dear Fellow Pilots:

Aircraft Owners and Pilots Association has joined LFL Aviation Exploring to promote organization of pilot/pilot association Aviation Explorer posts.

Local Exploring staffs provide program help and training for volunteers and organizations wishing to participate in this worthwhile endeavor.

I encourage all pilots and local pilot associations to become involved in the Aviation Exploring program. As pilots, we already have many program resources at our fingertips—airports, airplanes, FBOs, expert speakers, and more.

Aviation Explorer posts give organizations added visibility in the community, and they also give youths an opportunity to learn more about aviation and aerospace as they build character through citizenship, service, fitness and social activities.

Together we can enrich the lives of America's youth.

Sincerely,

Phil Boyer
President
